Mark,

The notice of deletion for VB-I70 OU1 was signed by the RA on September 3 and the packet for publication in the Federal Register was sent to Washington last night.

The responsiveness summary (attached) needs to be entered into the Records Center. After the records center processes it, Scott Winters can load it into the docket, and Jesse will deliver it to the repository.

Can you load the attached into the records center system so the records center can process it on a rush basis?

Thanks,
Linda Kiefer
Deletion Coordinator

Hello Linda:

Here is the pdf for Mark to upload to SEMS. I can scan the signed page of the NOPD and create the pdf for upload too.
